SUBJECT: **GROUP HOME PROGRAM MONITORING REPORT – ARROWHEAD
EMANCIPATION PROGRAM, INCORPORATED; ALTADENA DRIVE,
CANYON CREST, FAIR OAKS, AND VIA MADERAS GROUP HOMES**

We have completed a review of Altadena Drive, Canyon Crest, Fair Oaks, and Via Maderas Group Homes operated by Arrowhead Emancipation Program, Incorporated. Each Group Home contracts with the Department of Children and Family Services (DCFS) and the Probation Department (Probation).

Altadena Drive Group Home is a six-bed facility, which provides care for boys ages 13-18 years who exhibit behavioral, social, and emotional difficulties. Canyon Crest, Fair Oaks, and Via Maderas Group Homes are six-bed facilities, which provide care for girls ages 13-18 years who exhibit behavioral, social, and emotional difficulties. At the time of the monitoring visit, Altadena Drive Group Home was providing services for four Los Angeles County DCFS children. Canyon Crest Group Home was providing services for two Los Angeles County DCFS children, and two Los Angeles County Probation children. Fair Oaks and Via Maderas Group Homes were each providing services for four Los Angeles County DCFS children, and one Los Angeles County Probation child.

Arrowhead Emancipation Group Homes are located in the Fifth District.

"To Enrich Lives Through Effective and Caring Service"

Scope of Review

The purpose of the review is to determine whether the Agency is providing the services as outlined in their Program Statement. Additionally, the review covers basic child safety and licensing issues, and includes an evaluation of the Agency's Program Statement, internal policies and procedures, child case records, a facility inspection, and interviews with children placed in the Group Home at the time of the review. Interviews with children are designed to obtain their perspectives on the program services provided by the Agency, and to ensure adherence to the Foster Youth Bill of Rights.

Summary of Findings

Generally, the Agency is providing the treatment services as outlined in their Program Statement. However, each Group Home needs to address deficient areas.

All four Group Homes need to make exterior repairs to their facilities; provide backyard landscaping; clean the common areas, repair/replace floors, and replace worn furniture throughout the homes; ensure that the treatment teams develop and implement the NSPs with input from the children; and provide children with the minimum required allowance.

Altadena Drive Group Home needs to secure the pool area; repair large ceiling and wall cracks; clean the area rug, and repair the book shelf in the living room; clean the kitchen cabinets; replace the dining chairs; replace the window screens; provide initial assessments within thirty days of placement; provide children with the required monthly clothing allowance; and maintain current psychotropic medication authorizations and current psychiatric evaluations.

Canyon Crest Group Home needs to replace the outdoor furniture; repair the pantry shelves; repair the kitchen counter; replace the dining table; provide initial assessments within thirty days of placement; provide children with the required monthly clothing allowance; and assist all children in maintaining life books.

Fair Oaks Group Home needs to replace a kitchen outlet cover; repair the TV room light fixture; replace covers for bedroom lights; remove the writing from the dresser and closet; replace window screens; provide children with adequate recreational activities; include children in planning recreational activities; maintain current psychotropic medication authorizations and current psychiatric evaluations; and assist all children in maintaining life books.

Via Maderas Group Home needs to provide locks on bedroom windows; replace bedroom blinds and window screens; remove writing from the closet; maintain current

psychotropic medication authorizations and current psychiatric evaluations; and assist all children in maintaining life books.

Attached is a detailed report of the review findings.

Review of Report

We discussed our report with the Agency's management. In response to the recommendations made in the report, the Agency's management completed a corrective action plan (attached) which we approved. We thank the management and staff for their cooperation during our review.

I. Facility and Environment

Method of assessment – Observation

Comments:

Altadena Drive Group Home is located in a residential community. The exterior of the Group Home is not well maintained. The exterior stucco is buckling off the side of the home; the paint is peeling and chipped; there is exposed cement on the exterior walls; the upstairs railing is worn and warped; bricks are missing from the front porch pillars; and the paint is peeling on the front porch. The backyard is not adequately landscaped with grass, and the swimming pool area is not secured presenting a safety hazard.

There is adequate lighting in the Group Home. However, the common quarters are not well maintained. In the staff office, there are large cracks in the ceiling. In the dining room, the chair cushions are dirty, and a window screen is missing. The chairs in the breakfast area are worn. The walls and cabinets are dirty in the staff office, living room, and kitchen. In the living room, the area rug is dirty, and the bookshelf is broken. The bathrooms are dirty, and there is a broken towel rack in the children's bathroom. The hardwood floors throughout the Group Home are worn and dirty.

Children's bedrooms have age-appropriate personalized decorations. There is adequate lighting, and storage space. Window coverings and window screens are in good repair. The mattresses are comfortable, and the beds all have a full complement of linens. Children's sleeping arrangements are appropriate. However, the furniture is worn and scratched. There are cracks in the ceiling, and writing on the closet walls.

The Group Home maintains age appropriate and accessible recreational equipment. There are also board games, a TV, and a DVD player. Books and resource materials, including a computer with a variety of programs, are also available.

The Group Home maintains a sufficient supply of perishable and non perishable foods.
